April 2012

The South Carolina Act Early Team is pleased to provide the *South Carolina Roadmap to Developmental Screening* to people interested in developmental screening and services related to Autism Spectrum Disorders. The *roadmap* was developed by a team focused on collaboration among leaders representing professionals, state agencies, universities, healthcare systems, private organizations, and families to improve quality of life for children and others with Autism Spectrum Disorders and their families.

This resource is intended as a guide that explains where to receive assistance for a child that may be at risk for an Autism Spectrum Disorder. It also provides an explanation of services, state agencies, assessments, and interventions relevant to this issue. Contact information for the key agencies and organizations is also provided. You can also download a copy of the Roadmap from the following websites:
